Subject: Main Street Program, House Bill 2

Dear Ms. Miltenberger,

I am writing in regard to HB2 and the Montana Main Street Program.

Sheridan has been an active Affiliate of this Program since 2007 and have found it extremely valuable. With the guidance of the Main Street Program, Sheridan has been able to fill empty storefronts with viable businesses; create green spaces and a new City Park; work with MDOT on the streetscape and final design of our Main Street/Highway 287 corridor; provide design guidance to local businesses; generate an increase in tourism and the associated revenue; work on historic preservation efforts; etc.

If I may provide further information about the Montana Main Street Program and how it has helped the Town of Sheridan, please do not hesitate to contact me.

Please continue to fund this most important and valuable asset for the State of Montana and her communities.

Thank you,
Macel Anderson
President
Main Street Improvement Team
Sheridan MT
